Dear Rotarians,

Thank you for providing further explanation of your GG1527004 project.

While laundry equipment itself is not qualified for funding in global grants within the Economic and Community Development Area of Focus, because your project includes robust vocational training which will develop job skills and business knowledge, this project is eligible for funding from The Rotary Foundation. We appreciate your time in providing further explanation of the training that will be taking place as a part of this grant project.

With that, I am pleased to announce that The Rotary Foundation has decided to approve GG1527004. I will send out a formal notification shortly which will include instructions for the payment process.

Best regards,
Lauren
